This Cow, I have said, is to be kept + (40-325) reared by no ~~but~~ but in reality it should be treated as though it belongs to Vaidya Vaidya. All milk of this Cow is to be given to her. Her Calves (Children) are to used by Mantri 2 for K.H.I.

Arrived at about 6 P.M. Today Worshipped by Vaidya Mohini & Alpika. Named ಶ್ರೀಗಂಧ

A letter from Mr. G. K. Walvekar of Hubli comes like a messenger. He says that "you are likely to get a donation of Rupees twenty five thousand for your hospital. Please take the trouble of coming over to Hubli & seeing me immediately on receipt of this letter. Delay will land us in disappointment So, I have sent this special messenger"

I have telephoned Bhau (2113 Hubli) and read the letter to him. I have asked him to speak to Rama about it and let me know the exact information tomorrow on phone.

Work ahead

(1) Know full geography of the places which are likely to be attacked by our enemies.

(2) Know the strength of the enemy and find out for yourself the reason as to why he is strong.

(3) Know, if you possibly can, the life work of the great men who are shouldering the question of defending our border. What are the lessons you can learn from their lives.

(4) Central office should form a study body of our devoted workers and allow them to create first class propaganda literature and send it outside in the country for the use of villagers. Money for this purpose should be found by us. Slides, Projector, Gramophone, Printing, Typing, Duplicating, Posters.

(5) Get this body selected our speakers and send them outside in the country to wake up our people and make them take action.

(6) Best of our workers be sent to help the Border provinces. We should carry on propaganda in the border provinces and make the Kuwait something about the danger they are facing.

Inamdar resents the work and ideas of the Seva Dal and says that workers of the Seva Dal are not

(7) All this must be done within a specified period and then all those who are assembled here should send their reports to the office in Delhi.

(8) May 27th should be before us. All plans for the work should be planned between now and May 27th. On that day the entire unit should know your reaction of the particular action.

(9) Even if the Kuwait activities in Kerala are suspended now, the Seva Dal should not kick its own heels. It must stick up to it.

Meeting of Staff & Heads of Various Sections

5, AUGUST - 1966 at 9.30 P.M

Friday, Shravana 14 Saka-1888

ઇ. શ્રાવણ વદ ૪ સંવત ૨૦૨૨ (217–148) શુક્રવાર તા. ૫ ઑગસ્ટ ૧૯૬૬

Meeting Called to explain —

(1) the present situation of the Country & the Institute –
(2) the work that we are supposed to do in future
(3) the necessity of reorganising the sections for more efficient work
(4) the necessity of fresh allotment of work according to the experiences gained so far
(5) the necessity of creating individual supervisors and allotting work to them

No rules but traditions. We stick ~~to~~ to the light traditions and ideals that we have been following so far. But Punctuality, regularity, loyalty and sincerity are subjects which every man and woman do appreciate and do consider that they are absolutely necessary to build the Character of man. Cooperation between workers and workers is a necessity

Laboratory Technician Mr. Venkatramaiah arrived this morning. His appointment was made

Mr. V. Nimbkar came from Belgaum and attended the meeting of the Council. He went back to Belgaum with Bhanuras.

Gangotri, Ramu and Bhanu went back today by Ambassador car. Ramu attended to Mr. Kulkarni's work — sale of a field — a piece of land which was never cultivated.

All expenditure in behalf of Bhasker incurred in the Canteen of K.H.I was paid today by Bhanu and Ramu. I had requested them to make the Canteen payment without a question as I knew very well that the accounting system of N.M. Deshpande is most defective and it is being tolerated by me because I feared he will never improve upon it. On the 28th of may Bhasker was brought here. Since that date whoever came to see him took his food in the Canteen. They were being nearest relatives were allowed to take their food at our expense. All that came to 363-05 It was paid by Bhanu & Ramu and a receipt obtained.

New Account begins from Aug. 1-66

શ્રાવણ વદ ૫ સંવત ૨૦૨૨ (248–117) સોમવાર તા. ૫ સપ્ટેમ્બર ૧૯૬૬

At 6.05 A.M. today Bhasker, my sister's son, breathed his last. He was brought here on the 28th of May this year from Bombay after he was treated in the Tata Memorial Hospital for Cancer. 17 Deep Ex Ray Cobalt were given to him and then he was sent to his living room in Arvind Nivas near Sandhurst Bridge. He suffered there for some days and then shifted to this (Ghatkoparvalla) place. From 28th may 1966 he stayed here continuously for 100 and hundred days and suffered immensely. The agonies through which he went is unimaginable. Bit by bit he died. First he began to lose sense of his right leg, then right hand, then his right shoulder and right side of the chest; slowly after that his left hand and left side began to be affected; he lost his sense and memory and used to talk at random. On the 28th of August or a day early he became unconscious and was unable to talk. His throat and tongue also got affected. Slowly he lost his sight and it became difficult for him to swallow even liquids. Tongue showed pimples; hearing became defective. His motions

became loose and he vomited once also. Until his death, until the last gasp, we are told his left hand moved a little, it was brought by him upto the ~~exact~~ place of the heart and it seems, he pressed that part. Was it paining then? Why did he take the hand there to that particular spot every 5 or 10 minutes. It is very hard to say. He was not talking. There was no other means of knowing. We were only conjecturing and trying to reason it out. Sometimes even in that agonising state

Slowly the number of women is going up and the number of men is going down. Even last time — in the 6th week of 1966 I saw the same thing. Why so? is the question before me. Are men very very busy? Or, are they more lazy than their womenfolk? This needs a clear reply.

Shri S.R. Mahajan of the Nehru Memorial Museum and Library came this morning from Poona by mail and left for Poona in the evening by the Vasco Express. He saw letters of Kalaji and all of Tilak, Gandhi, Kelkar and others. He had a talk with ~~him~~ me about the Museum and he wanted me to help them. I made him some suggestions about the work he was doing. I said it would be better if he did not go empty hand to those from whom he desired to get material — letters, documents, papers etc for preserving in their Museum. If he takes some of the material they have which they are in the process of such material and demonstrate the same on the spot it would be better.

Whole day Yesterday I did not take tea or Coffee. I didn't even think of it. I, who was addicted to tea for a number of years now, was slowly reducing the quantity of drinking tea. But Yesterday was the first day when during the last 45 years (forty-five years), except during sickness, I did not stopp drinking morning tea nor asking for it. Not a drop of tea was taken nor even thought about it. But later after twenty four hours I decided to take morning tea and not to take any during the day

THURSDAY, AUGUST 24

The night when we were in the Suddi-Palia meeting, Kisan Bhangi came at about 11 P.M. & asked the matron & the Home Sister to go out of the meeting for a while. Matron went. He told her about Dr. Patil who was having a conversation with the staff nurse Miss Shobha Matse. He and Miss. Matse were both ordered to march to the Bungalow and stand before Dr. Hardiker. The matron brought them to the Bungalow. There they were questioned about their behaviour. Both cried. After knowing everything Dr. Patil was sent in the ~~[illegible]~~ ambulance to the Cooperative Hospital.

Shobha Matse and Dr. Patil from the Cooperative Hospital were talked by me.

प्रवाहास्तव पाणी दाखविले होते. पाण्यात मासे कासव दिसले
गवत, झाडे झुडपे वगैरे दाखविली होती. सुंडातून हिरवी
पट्टी हलत असलेले दाखविले होते. एका बाजूस लक्ष्मी व
दुसऱ्या बाजूस सरस्वती उभी केली होती. सर्वत्र छोटाशा झुंबरे
निळाजन केलेले होते. आरास सुंदर होती. 9 वाजता रावेच्या
मुखामुखीनी आरती केली. व सर्वजण आपापल्या स्थानी गेले. पुढे
पाऊण मिनिटांत एकामुखी दत्त दिसू लागला. तिने कर्णिका
सांगीतले. आरती करण्यात होती. आम्हाला वरती आली. आम्ही ती

as I had to run to the Bungalow to see Dr. Anegundi off to Belgaum I regretted leaving. I saw him off. After he took his tea I said him good bye. It was then 11-30 a.m.

In carrying out the programme there were a number of irregularities. I do not desire to say anything about them here. Nor do I desire to speak to the person-in-charge Mr. Mangasuli about it.

On the 27th morning I sent for the matron and spoke to her about what Brigmat had done and asked her also to the way in which teaching was done in the school.

FRIDAY

Today is the 26th of January. I handed over the entire programme to Mr. Mangasuli and asked him to learn and feel the responsibility of work entrusted to him. I was told by Shanta that he Mangasuli was murmuring about my asking him to learn (हे शिकायला सांगते). Evidently the man does not understand the importance of learning. So long as he is in KHI it is my duty to get them trained for efficient work. and so long as I am in KHI it is my duty to be true to it and go on treating all workers lovingly with a desire to make them really useful for such work that will be entrusted to them any where wherever they go even after they leave KHI

At 9 P.M the Prarthana — usual prayer of nurses ought to have begun. Dr. Shamalabai Bhagwat ~~Was~~ Other lays speaking. Though informed twice she did not care and went on with her talk It began at 9.05 P.M. Five minutes late than usual. Since ~~I am a regular and permanent~~ I have become a regular and permanent resident of this Institute I have tried my level best to adhere to punctuality and regularity in all matters. Beginning of all meetings, beginning of Prarthanas, beginning of flag validictions or beginning of public functions have been punctually done. The people of the Campus are fairly accustomed now to punctuality and regularity and they have begun to learn it. But today, I felt very much sorry for what I saw and what I heard late about not observing time of prayer. Of all the persons, the head of Nursing School who is supposed to teach others break the rule and act in a most indisciplined manner though reminded of the time for prayer, I sent Satchitchas to the nation who gave the message "Bhagwat was already taken five minutes of prayer time" I did this because I thought that she would come "I was waiting for fast" she had ; without speaking at the right time, spoken to her After the meeting was over. The question before me was — Do this way these people teach our girls ? Is this the way they keep their time ? Do they observe punctuality and regularity ? That is the way possibly they teach the youngsters who are taking training under them ? So, it is too bad. — I wanted to speak to them but about this immediately after the meeting was over but

Dr Vanahalli took leading part in this. It was due to the efforts of Dr Vanahalli and Vimal that this attempt was made and everybody hopes that the building would soon come up. Sawalagi Math Swami and Arbhavi math Swamy were there to perform the ceremony. It was the Swamy of Sawalgi math who was asked to do this work. Both of them came late and it was found out that none of us were told correctly about the work to be done and except digging about two feet deep on the eastern corner of the proposed building nothing was done. They had possibly no idea of what was to & what not to do. Dr Vanahalli who had gone there earlier did not possibly make enquiries and arrange any thing. So even after Swamij arrived nothing was brought to

This is a Special meeting called to meet Dr. Lotte Hitachmanova who arrived on Sunday the 18th morning by plane from Bombay

Conference took place before 10 A.M. We left and met the Doctor at her residence at 10.30 and sat with her for nearly 40 minutes. Doctor Lotte Hitachmanova, Dr. M.K. Vaidya, Smt S.V.R. Rao, abstaining. She seemed to be anxious to spend money on the conference as usual. She suggested that only women be invited to the Conferences and men dropped. I said instead of calling women for the Conferences, they should join the meetings of the Staff meetings of Kalyan Kendra — Mahila Mandals and their expenditure should be done by the V.S.C. She agreed and wanted the decision to be told to the people assembled in the Conference. But in the meeting held at 1.30 P.M. same day a different decision was taken

About Yamu & Nurses Home

माघ कृ ८ शके १८८० — February 21 1968

बुधवार — WEDNESDAY

सौर फाल्गुन २ शके १८८९

This day in the evening by the Janata, Shanta and Yamu went to Bombay for the marriage of Shobha and mahesh and for the moonj ceremony of Ravi, the son of K.D. Nadekar. Shanta's leave is of 8 days and of Yamu is of 17 days. In place of Shanta, Karyaptika is to look after work and Yamu's bell making to be done by Shri A.R. Kolkatnur and Malati Kulkarni to look after Nurses quarters. — Yamu didn't specifically say who works in place of Karyappikar and who work in her place as matron of Nurses. I asked her if normally at least to nominate somebody, but she failed to do so. — So, at night, at about 8.30 I sent for Kashitai and asked her to shift her residence for at least 8 days until Shanta returns and sleep in Nurses quarters. She has to shift with Shamala Kulkarni. This was my suggestion to Kashitai. I want to see what she does and whether there are going to be any impediments in the way of executing the work given by me now to Kashitai. Kashitai has been instructed to look after the inmates of the quarters as was done by the matron. From morning 5.30 to night 9.30 she must do everything for the Nurses that the matron was doing. She had to attend prayer both time and other normal work. I have asked her to look to the staff nurses also. I do not know how matron had allowed individual nurses to live in one apartment without the companion — I mean without other staff nurse. It is indeed dangerous to live alone in a big house which has been given by the Institute to the nurses. Personally, I don't like young girls to live like this, all alone. I would rather take away the authority of keeping our girls in such a fashion and keep them jointly or take them inside the quarters under the protection of the matron and Home Sister. — So, this night I sent for Mrs. Kashitai Paranjape and Karyaptikar and explained the whole situation and asked Kashitai to move in the quarters with Shamala Kulkarni, her companion the very next day and take charge of the Home with the help of Y.M. Karyaptika Kar, Shamala Kulkarni and Malati Kulkarni. They both agreed and promised me to look after the Home while attending to their own duties. Written order would be issued regarding appointment. This was my last word to them.

This day before noon orders regarding the shifting of Kashida Narayan & Shamba Kulkarni was given and both of them, Kashidas and Narayan Nikam were told to bring single residents in the staff nurses quarters in one place and make them feel secure. They did it and reported. That was good. I did make enquiry and some workmen that were concerned were satisfied — I took their meeting at night. Except Shamba the others three came. Malati who acted to divide out the instructions I had given by the Malvan letter about the Nurses quarters and the work she was to do. I instructed them to get the work divided between themselves and show it when

Paddidi Cottage incident

At about 11.45 P.M. Mantri came and reported about the play of Cards — gambling in the Paddidi Cottage. Immediately I summoned Shitkikar, Mangasuli, V.M. Deshpande, Kisan, Khadilkar and Mantri. Some of these did go near the Cottage and surveyed. They overheard the talk that went on inside the house just behind the closed windows. They were convinced that gambling was going on. One of the players was one Shirkole of Sankeshwar, a merchant. There was another man besides the family that was living in that house. It is suspected that the man who hid himself and who was being shielded was none else but Mr. Gavin drao Naik who was known to Dr. Vaidya and who was a known body. He wore Gandhi Cap, khadi shirt and white Pyajama as. Shirkole was brought to the Bungalow. The man admitted that they were playing (but not wherein gambling he said) and Had said we did not know rules and therefore such mistake as this was committed. I hope told him that the person now occupying the Cottage will have to go. The gamblers left at about 1.00 A.M. on the 23rd

Paddidar Cottage incident

The occupant of Paddidar Cottage was sent for at about 11.30 A.M. He came with his wife and promptly He was asked about last nights affair. "Why should we not play? I am a sick man. What should the women folk do. They must have some amusements. They play. What objection is there?" "You can play outside but not in our area. Do anything you like outside this Compound. We have no objection. You can go out and play" The man was too rude. He wanted a notice which worked on him then only he will think of going out. I tried to ask him to go Then he went, it seems, to Dr Vaidya and reported him to allow him to stay upto the 15th of march. Dr Vaidya reported to me where told him that he could not do anything as the matter was being handled by Dr. Hardikar. So, he had to leave him. He refused to take a written request of Dr Vaidya about leaving the Cottage. His bill was handed over to him and asked to leave the Cottage before Sunday the 25 Evening. Let us see what he does.

On this day the occupant of the Padukdi Cottage was asked to vacate after paying his dues. At about 11 hrs. one Mr. Shirakole, who was with the occupant on the early morning at 2 of the Padukdi Cottage, came to me and said "Where is that Deshpande who is Villifying me and is saying that I am a drunkard and I gamble" I advised him and requested him to cool himself and not to blame any one and not use unbecoming language against anyone. He wanted me to allow the occupant to stay in ~~Mani Bhavan~~ the cottage a few days more. If he ask this where should he go" I requested him to take the occupant to his own house in Sawantwadi) Mr. Shirakole is a man of means and therefore I asked him that he should contribute Ten thousand Rupees to KH-1. A moneid man, a man who is supposed to be a leader of a Party in his area should think of using this money in this manner... He left saying that he will donate a tin of Ghee to our Canteen which he wanted me to accept and not otherwise.

The boy was sent with Mantri to the Station who gave him a Railway Ticket to Bangalore which cost Rupees 20.05 and five Rupees Cash in his hand for enroute expenses.

For two months now the boy and his mischievous deeds, words and utterances were tolerated though he was being warned and advised practically every day to behave properly. This morning he was asked about work he was doing and was told not to do anything that goes against the policy of the Institute. He said he wanted his pay — Rupees 157 — That was denied on the ground that he would be given Whatever he need to sent not Cash. He said he won't work like that. His father he said had asked him to take his pay. Food worth 50/- Rupees was pay. I said to him that Canteen would be stopped and he should take his meals in any hotel. It would cost him more than 6€/— He would be given. The boy began to stay out until 10 or 10.30 P.M and came late at night. He had not stopped his smoking and was necessarily going to people and talking not. So, taking into consideration all his actions and mischief I had to take the step of asking him to go.
